WHAT

Sign up, book a ticket and pack your bag.

Meet your travel companions in the Netherlands for a first introduction and preparation. Shortly after, you'll meet up at Schiphol, taking off to India.

The Journey: We take you on a journey, connecting with inspiring women in India, who are doing an incredible job in running a local organization with high social impact. They have their strengths and challenges, just like you. Their business challenge is the core question in a 5 day intense and immersive program, followed by a day of leisure exploring and enjoying the area.

Through facilitated group activities, workshops and 1 to 1 coaching sessions, you'll work in cross-cultural teams on their critical business challenges and strategy. While connecting to your personal purpose and being challenged to lead in new ways.

When in India.... do as the Indians do. You'll stay in a local ashram with basic facilities or B&B connecting to the local culture.
